Another beautiful section of Stock Beck, but more 'streamy' than the lower beat at Deep Dale. Superb views can be enjoyed in this one time part of the West Riding of Yorkshire, whilst tracking down the wild brown trout. The Trust has carried out bankside habitat fencing and tree planting here to improve spawning and survival rates of juvenile fry. Several stiles have been installed.

Restrictions

Fly only, 100% catch and release, see restrictions and advice on tackle and information on how to release fish.

Directions
